

# I CAN HELP MY FRIENDS

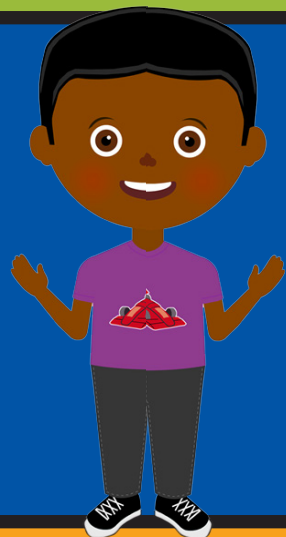

At school, I am helpful to my friends.

When my friends ask me to do something, I say, “sure.”

Sure!

If I see my friend holding a lot of books, I can ask if she needs help. When we are walking out the door, I hold open the door.

If my friend asks, “Who will help me with this?” I walk over and say, “I can help.”

When I help my friends, they are happy. I like being helpful!
